

Uniform & Presentation

Uniform

At Huntingtower student care and pride regarding appearance is important.

From the commencement of 2023, students can wear uniform suitable for the weather conditions. There will be no set summer or winter uniform cycle. We now have one uniform collection that includes both the original Summer and Winter items and the option of shorts for all students.

We have also introduced the option for students to wear school boardshorts and a rash vest (long or short sleeve) for internal based swimming lessons and events. Students selected for external swimming events such as EISM will be required to wear the approved swimwear for the event.

The music students who are members of the performing music ensembles will require long school pants for performances.

The new uniform guidelines ensure all students can be comfortable and have choice without compromising the respectable standards of dress expected by the community.

The blazer must be the outer garment in public, whether the student is walking or travelling on public transport. When temperatures reach 30 degrees, students are notified that they may remove their blazers and ties for the remainder of the day including their journey home.

The Huntingtower Uniform Shop is the only official authorised supplier of the school uniform and is located on the school grounds next to the Music Centre. More information is available on [our website](#).

Please note: Students wearing the incorrect uniform are required to bring a note from a parent or guardian.

Uniform & Presentation
